Toyota Production System, lean seminar and genba experiences in Hungary for EFAAS countries and Serbia

Date: 2-6 November 2026.
Location: Hungary

Subsidization: 5,250 USD (participants allowance), 15 participants

Host AAS: Hungarian AOTS
Cooperating AAS: EFAAS

Hungary – 2-6 Nov

10	Face-to-face	Toyota Production System, lean seminar and genba experiences in Hungary for EFAAS countries and Serbia	Hungary	EFAAS	2026/11/2-6	3) Train at least 20 ghananian professionals in six sigma. The key to sustainable improvement is the Toyota Production System, the lean, kaizen mindset. Participants can learn and experience its key elements and tools. In the practice-oriented training, we show the power and results of each tool with exercises and simulations. In addition to the training, we also visit benchmark factories in operation. At the end of the training, the participants will also demonstrate what they can use at "home" in the short and medium term.	\$5,250	\$0	\$0
11	Face-to-face	Bauer Corporation	Hungary	EFAAS	2026/11/11-14	1) To provide advanced information on Bauer System Equipment	\$0	\$0	\$0

Days	Morning	Afternoon
2 Nov – Mon	Foundation of TPS, lean, kaizen - Lean intro - Leannovation Training Center	Improvement program for front line leaders (team and shift leaders)
3 Nov – Tue	TPS (lean) dojo - Leannovation Training Center Value Stream Mapping - flow - pull system	Standardized work - Kaizen
4 Nov – Wed	Benchmark plant tour I. Monozukuri, production management	Benchmark plant tour II. Kaizen mindset
5 Nov – Thu	Benchmark plant tour III. Strategy	Workshop in the plant
6 Nov – Fri	Strategy deployment - Hoshin Kanri, problem solving (PDCA, A3)	Closing presentations from the participants Learnings and implementation plans

17	Face-to-face	Development of small and medium enterprises (SME) and their application in the TPS, Kaizen method	North Macedonia	Hungary	2026/9/22-24	Learning about lean, Toyota Production System, Kaizen thinking and thus changing the culture is essential for achieving sustainable competitiveness. This is not only the privilege of multinational companies, but small and medium-sized enterprises can also use it. At the seminar, we will show you how to consciously start this, from developing a strategy, to implementing it step by step, to creating a problem-solving culture. We will show them in more detail the steps of value stream mapping (VSM) and the flow and pull system. And finally we focus on the front line leaders and their improvement.	\$3,750	\$500	\$300
